Instruction Modes:
Online Asynchronous(OA) - These classes never meet in person, and <i>you are not expected</i> to be available at any specific time or day for classroom instruction from your professor. These courses are taught <i>asynchronously</i> with no pre-assigned meeting times. Students will have access to class materials online using HuskyCT as well as being able to contact their instructor and (or) teaching assistant(s) at any point during the course.
Online Synchronous (OS) – Online Synchronous classes also do not require in person attendance, but <i>you are expected</i> to be available for instruction <i>synchronously</i> at the times for which the class is scheduled on Student Admin. You will need to participate <i>online</i> using WebEx, Blackboard Collaborate, or Microsoft Teams.
Online Blended (OB) - Online Blended classes will be completely online, with a combination of synchronous meeting times and asynchronous work
Hybrid/Blended (HB) - These classes have both in-person and online components.
In-Person (P) - These classes will meet in person during all scheduled class times.
